Definitions of codes preceding a county and/or quad:

* Presumed extirpated

(*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

Notes

Known only from dunes in Eureka Valley, within Death Valley NP. Habitat previously degraded by vehicle traffic; populations recovering well, but still threatened by vehicle trespass and recreation. See *Journal of the Washington Academy of Sciences* 40(1):19-21 (1950) for original description, *Madroño* 17(3):88 (1963) for revised nomenclature, and *Biological Conservation* 46:217-242 (1988) for population biology.
