Notes

Definitions of codes preceding a county and/or quad:

* Presumed extirpated

(*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

Notes

Threatened by non-native plants, alteration of fire regimes, road maintenance, flood control activities, vehicles, and development. See *Bulletin of the Torrey Botanical Club* 32(10):537 (1905) for original description, *Flora of California* 1:455 (1914) by W.L. Jepson for revised nomenclature, and *Brittonia* 27(4):340 (1995) for taxonomic treatment.
