### Classification

|                      |   |
|----------------------|---|
| Scientific Name      | <i>Micranthes marshallii</i> (Greene) Small |
| Common Name          | Marshall's saxifrage                        |
| Family               | Saxifragaceae                               |
| Element Code         | PDSAX0U0X0                                  |
| USDA Plants Symbol   |   |
| Synonyms/Other Names |   |

### Conservation Status

|                            |                            |
|----------------------------|----------------------------|
| California Rare Plant Rank | 4.3                        |
| Global Rank                | G5                         |
| State Rank                 | S3                         |
| CESA                       | None                       |
| FESA                       | None                       |
| Other Status               |                            |
| CRPR Changes               | added to 4.3 on 2016-07-06 |
| Date Added                 | 2016-07-06                 |
| Last Update                | 2022-07-05                 |

### Ecology and Life History

|                      |                            |
|----------------------|----------------------------|
| Lifeform             | perennial rhizomatous herb |
| Blooming Period      | Mar-Aug                    |
| Elevation m (ft)     | 90-2130 (295-6990)         |
| General Habitats     | Riparian forest            |
| Microhabitat Details |                            |
| Microhabitat         | Rocky, Streambanks         |

## Threat List Data from the CNDDDB

|                         |           |             |
|-------------------------|-----------|-------------|
| Threat List Total:      |           | 0           |
|                         | Total EOs | Percent EOs |
| EOs with Threats Listed | 0         | 0%          |
| Threat List:            |           |             |

## Element Occurrence Data from the CNDDDB

|                            |   |
|----------------------------|---|
| Total Element Occurrences: | 0 |
| Element Occurrence Ranks:  |   |
| Excellent (A)              | 0 |
| Good (B)                   | 0 |
| Fair (C)                   | 0 |
| Poor (D)                   | 0 |
| None (X)                   | 0 |
| Unknown (U)                | 0 |
| Occurrence Status          |   |
| Historical, > 20 years     | 0 |
| Recent, < 20 years         | 0 |
| Presence                   |   |
| Presumed Extant            | 0 |
| Possibly Extirpated        | 0 |
| Presumed Extirpated        | 0 |

## Location

|                    |    |
|--------------------|----|
| California Endemic | No |
|--------------------|----|

### Counties

|   |
|---|
| Del Norte (DNT), Humboldt (HUM), Mendocino (MEN), Siskiyou (SIS), Trinity (TRI) |
|---|

### States

|  |
|--|
| California (CA), Idaho (ID)?, Montana (MT)?, Oregon (OR), Washington (WA)? |
|--|

### Quads

|  |
|--|
| Boulder Peak (4112351), English Peak (4112342), French Camp Ridge (4112327), Gasquet (4112378), Hennessy Peak (4012375), Hiouchi (4112471), Hurdycurdy Butte (4112377), Leggett (3912376), Salyer (4012385), Shelly Creek Ridge (4112387), Trinity Mtn. (4112314), Ukonom Lake (4112353), Willow Creek (4012386) |
|--|

### **Notes**

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## Notes

Possibly threatened by fire suppression. Previously identified as *Saxifraga rufidula*, which does not occur in California. See *Saxifraga marshallii* in *TJM* (1993). See *Pittonia* 1(9):159-160 (1888) for original description and *North American Flora* 22(2):145 (1905) for taxonomic treatment.
