### Classification

Scientific Name	<i>Fritillaria pinetorum</i> A. Davids.
Common Name	pine fritillary
Family	Liliaceae
Element Code	PMLILOV0E0
USDA Plants Symbol	<u>FRPI</u>
Synonyms/Other Names	

### Conservation Status

California Rare Plant Rank	4.3
Global Rank	G4
State Rank	S4
CESA	None
FESA	None
Other Status	SB_CalBG/RSABG
CRPR Changes	
Date Added	2001-01-01
Last Update	2022-01-05

### Ecology and Life History

Lifeform	perennial bulbiferous herb
Blooming Period	May-Jul(Sep)
Elevation m (ft)	1735-3300 (5695-10825)
General Habitats	Chaparral, Lower montane coniferous forest, Pinyon and juniper woodland, Subalpine coniferous forest, Upper montane coniferous forest
Microhabitat Details	
Microhabitat	Granitic (sometimes), Metamorphic (sometimes)

## Threat List Data from the CNDDDB

Threat List Total:		0
	Total EOs	Percent EOs
EOs with Threats Listed	0	0%
Threat List:		

## Element Occurrence Data from the CNDDDB

Total Element Occurrences:	0
Element Occurrence Ranks:	
Excellent (A)	0
Good (B)	0
Fair (C)	0
Poor (D)	0
None (X)	0
Unknown (U)	0
Occurrence Status	
Historical, > 20 years	0
Recent, < 20 years	0
Presence	
Presumed Extant	0
Possibly Extirpated	0
Presumed Extirpated	0

## Location

California Endemic	Yes
Counties	
Alpine (ALP)?, Inyo (INY), Kern (KRN), Los Angeles (LAX), Mono (MNO), San Bernardino (SBD), Tulare (TUL), Tuolumne (TUO), Ventura (VEN)	
States	
California (CA)	

## Quads

Alamo Mountain (3411868), Alta Sierra (3511865), Big Bear City (3411637), Big Bear Lake (3411628), Bloody Mtn. (3711858), Breckenridge Mtn. (3511845), Casa Vieja Meadows (3611823), Claraville (3511843), Convict Lake (3711857), Crag Peak (3611812), Crystal Crag (3711951), Crystal Lake (3411737), Cucamonga Peak (3411725), Cummings Mtn. (3511815), Emerald Mtn. (3511833), Fawnskin (3411638), Freel Peak (3811978), Harrison Mtn. (3411722), Johnsondale (3511885), June Lake (3711971), Kearsarge Peak (3611873), Lake Isabella South (3511854), Liebre Twins (3411885), Lockwood Valley (3411961), Mammoth Mtn. (3711961), Mescal Creek (3411746), Monolith (3511813), Moonridge (3411627), Moses Mtn. (3611836), Mount Dana (3711982), Mount San Antonio (3411736), Olancho (3611831), Old Mammoth (3711868), Onyx Peak (3411626), Owens Peak (3511768), Piute Peak (3511844), Reyes Peak (3411963), Sawmill Mountain (3411972), Sentinel Peak (3611815), Split Mtn. (3711814), Tehachapi North (3511824), Tehachapi South (3511814), Telegraph Peak (3411735), Tobias Peak (3511875), Tungsten Hills (3711835), Walker Pass (3511861)
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

## Notes

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## **Notes**

Possibly threatened by wind energy development, logging, and vehicles. Does plant occur in ALP Co.? Can be confused with *F. atropurpurea*. See *Muhlenbergia* 4:67 (1908) for original description.
