

## Report for *Stellaria littoralis*

### TAXON DETAILS

#### Classification

|                      |                                    |
|----------------------|------------------------------------|
| Scientific Name      | <i>Stellaria littoralis</i> Torrey |
| Common Name          | beach starwort                     |
| Family               | Caryophyllaceae                    |
| Element Code         | PDCAR0X0LO                         |
| USDA Plants Symbol   | <u>STLI</u>                        |
| Synonyms/Other Names |                                    |

#### Conservation Status

|                            |            |
|----------------------------|------------|
| California Rare Plant Rank | 4.2        |
| Global Rank                | G3         |
| State Rank                 | S3         |
| CESA                       | None       |
| FESA                       | None       |
| Other Status               |            |
| CRPR Changes               |            |
| Date Added                 | 2001-01-01 |
| Last Update                | 2021-05-26 |

#### Ecology and Life History

|                      |  |
|----------------------|--|
| Lifeform             | perennial rhizomatous herb   |
| Blooming Period      | Mar-Jul  |
| Elevation m (ft)     | 5-40 (15-130)  |
| General Habitats     | Bogs and fens, Coastal bluff scrub, Coastal dunes, Coastal scrub, Marshes and swamps |
| Microhabitat Details |  |
| Microhabitat         |  |

## Threat List Data from the CNDDDB

|                         |           |             |
|-------------------------|-----------|-------------|
| Threat List Total:      |           | 0           |
|                         | Total EOs | Percent EOs |
| EOs with Threats Listed | 0         | 0%          |
| Threat List:            |           |             |

## Element Occurrence Data from the CNDDDB

|                            |   |
|----------------------------|---|
| Total Element Occurrences: | 0 |
| Element Occurrence Ranks:  |   |
| Excellent (A)              | 0 |
| Good (B)                   | 0 |
| Fair (C)                   | 0 |
| Poor (D)                   | 0 |
| None (X)                   | 0 |
| Unknown (U)                | 0 |
| Occurrence Status          |   |
| Historical, > 20 years     | 0 |
| Recent, < 20 years         | 0 |
| Presence                   |   |
| Presumed Extant            | 0 |
| Possibly Extirpated        | 0 |
| Presumed Extirpated        | 0 |

## Location

|                      |     |
|----------------------|-----|
| California Endemic   | Yes |
| Counties             |     |
| Marin (MRN)          |     |
| States               |     |
| California (CA)      |     |
| Quads                |     |
| Drakes Bay (3812218) |     |

### Notes

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## Notes

Threatened by grazing, trampling, and non-native plants. See *Report of the Pacific Railroad Expedition* 4:69 (1857) for

original description.
