

## Report for *Penstemon pahutensis*

### TAXON DETAILS

#### Classification

|                      |   |
|----------------------|---|
| Scientific Name      | <i>Penstemon pahutensis</i> N. Holmgren |
| Common Name          | Pahute beardtongue                      |
| Family               | Plantaginaceae                          |
| Element Code         | PDSCR1L4H0                              |
| USDA Plants Symbol   | <u>PEPA23</u>                           |
| Synonyms/Other Names |   |

#### Conservation Status

|                            |  |
|----------------------------|--|
| California Rare Plant Rank | 2B.3   |
| Global Rank                | G3   |
| State Rank                 | S1   |
| CESA                       | None   |
| FESA                       | None   |
| Other Status               |  |
| CRPR Changes               | changed from 2.3 to 2B.3 on 2013-06-12<br>added to 2.3 on 2006-02-22 |
| Date Added                 | 2006-02-22   |
| Last Update                | 2022-06-08   |

#### Ecology and Life History

|                      |  |
|----------------------|--|
| Lifeform             | perennial herb                                 |
| Blooming Period      | Jun  |
| Elevation m (ft)     | 1900-2300 (6235-7545)                          |
| General Habitats     | Great Basin scrub, Pinyon and juniper woodland |
| Microhabitat Details |  |
| Microhabitat         | Carbonate (sometimes), Rocky                   |

## Threat List Data from the CNDDDB

|                         |           |             |
|-------------------------|-----------|-------------|
| Threat List Total:      |           | 0           |
|                         | Total EOs | Percent EOs |
| EOs with Threats Listed | 0         | %           |
| Threat List:            |           |             |

## Element Occurrence Data from the CNDDDB

|                            |   |
|----------------------------|---|
| Total Element Occurrences: | 1 |
| Element Occurrence Ranks:  |   |
| Excellent (A)              | 1 |
| Good (B)                   | 0 |
| Fair (C)                   | 0 |
| Poor (D)                   | 0 |
| None (X)                   | 0 |
| Unknown (U)                | 0 |
| Occurrence Status          |   |
| Historical, > 20 years     | 1 |
| Recent, < 20 years         | 0 |
| Presence                   |   |
| Presumed Extant            | 1 |
| Possibly Extirpated        | 0 |
| Presumed Extirpated        | 0 |

## Location

|                              |    |
|------------------------------|----|
| California Endemic           | No |
| Counties                     |    |
| Inyo (INY)                   |    |
| States                       |    |
| California (CA), Nevada (NV) |    |
| Quads                        |    |
| Grapevine Peak (3611782)     |    |

### Notes

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## Notes

Known in CA from only one occurrence in the Grapevine Mountains. Can be locally common. On Watch List in NV. See

*Aliso* 7(3):351 (1971) for original description, and *Madroño* 52(3):207-8 (2005) for confirmation of occurrence in CA.
